Hallo Kimiko and Akira,

wir haben nun den Plan für unsere Tour in der Schweiz:

²³
Dienstag: Constanze will pick you up on the airport at 18:55 Uhr and brings you with the S-Bahn directly to our home.

²⁴
Mittwoch: we will visit Rapperswil and the surrounding area. At the evening we will visit a friend (Fred), he is married with a Japanese Lady (Michiko). Fred is around 70 years old and he lives in Switzerland since beginning 2008. They will invite us in a very nice restaurant called Weinhalde, <http://www.weinhalde.ch/>

²⁵
Donnerstag: we will visit Zuerich the whole day, and will go there by S-Bahn

²⁶
Freitag: we will vivsit St. Gallen and Chur (the oldest town in Switzerland) by car and in the evening, if you like, we can visit the company where Walter is working.

²⁷
Saturday: after breakfast we will go to Innsbruck and stay in the home of Klaus and Doris with their children Florian (8 y.) and Christina (5y.). At 5pm we (Akira, Kimiko & Constanze) will attend the party of Utermann, Walter will bring us there.

²⁸
Sunday: if you want, you can meet your friends in Innsbruck ? We have no schedule, maybe we should leave Innsbruck around 3pm to go back to Rapperswil. (appr. 3hours)

²⁹
Monday: actual there is no schedule for this day, we can do what you want, maybe once more to Zuerich and go for some shopping. We will decide short-term.

³⁰
Dienstag: Constanze will bring you to the airport.

Walter is from Monday, 22. to Wednesday 24. in Stuttgart on a training, he will return to Rapperswil on Wednesday evening, 7:00pm. So you will see him on Wednesday.

We are very happy to see you soon in Switzerland

Best regards

Constanze & Walter

Viele Grüße auch an Toshiko, Naoia und Takuma, ich hoffe es geht allen gut.

Dear Professor Abe,

I am hereby referring to your recent meeting in Japan with Prof. Kronenberg and want to cordially invite you and your wife to a leaving party for Prof. Utermann who will retire after almost 25 years of being head of institute/department in October 2008.

>

The current coworkers have decided to organise a leaving party for Prof. Utermann on September 27, 2008 to which we want to invite all former coworkers in the name of all of us. The party will take place in the Wintergarden of the Planötzenhof, a country-style restaurant on the city borders of Innsbruck, and start at late afternoon (ca 5 pm). We will take care of food, beverages and music; the exact programme will be put together within the next weeks and will be forwarded to you. I want to clarify, however, already now that we ~~will have no scientific symposium~~ but a social event which ~~should~~, nevertheless, prevent nobody from preparing speeches/sketches, songs, etc.....

>

As one of several presents we would like to prepare a little booklet of anecdotes for which we would essentially depend on your help. I therefore ask you to search in your long-term-memory for such anecdotes related to Prof. Utermann and to send them to me. I am sure that we could come up with quite a number of hot stories from the past 25 years representing a wonderful piece of memory.

Optimally, I would like to receive the texts as attached word file which could also include pictures (either sent by attachment after high-resolution scanning) or by regular mail. It would be great if I could have all material by the end of August. Many thanks in advance for your help.

>

To facilitate our organisation, we ask you to reply shortly to this mail whether we can count on your participation.

>

Hoping to be able to welcome you in September in Innsbruck,
